

CORALIFE®

## LED TRI-LAMPS

Introducing Coralife® LED Tri-Lamps, designed to fit the new Coralife® LED Aqualight fixture. Each 3W LED Tri-Lamp is easily removable, replaceable and interchangeable to increase light intensity or customize light color.

### 10,000K DAYLIGHT

10,000K Daylight lamps cast sparkling white bright light to simulate the midday tropical sun. They are an excellent choice for fresh or saltwater tropical aquariums. This 3 watt Tri-Lamp contains 3 cool white LEDs.

### 60/40

A combination of brilliant 10,000K Daylight and Actinic Bluelight accentuates the fluorescent attributes of fish and corals. This 3 watt Tri-Lamp contains 2 cool white and 1 blue LED.

### ACTINIC BLUELIGHT

Actinic lamps emulate the softer shade of blue light found at dawn, dusk and in deeper water. Promotes photosynthesis in corals and live plants while enhancing the natural beauty and vibrant color of aquatic inhabitants. This 3 watt Tri-Lamp contains 3 blue, 450nm LEDs.

### TRI- CHROMATIC

Trichromatic casts a soft blend of red, blue and white color that promotes photosynthesis in corals and plants. This 3 watt Tri-Lamp contains a red, blue and cool white LED.

### COLORMAX

Colormax lamps cast a warm glow to enhance the natural beauty of tropical fish and live plants. This 3 watt Tri-Lamp contains 2 cool white and 1 red LED.
